

Forest Family Forever!

Name _____

Use Less Wood

Student Activity Sheet

Hey rainforest heroes! One easy way to help save the rainforests is to use less wood and paper. Draw a line from the wood or paper product in the left column to the matching forest-friendly alternative in the right column. (Some words have more than one possible match.) Help save trees by using forest-friendly alternatives whenever possible!

Instead of using:

disposable chopsticks
paper towels
writing paper
packing paper
paper bags
paper napkins
wrapping paper
wooden toothpicks
paper plates

Use:

cloth bags
lunch pails
paper already used on one side
old newspaper
100 percent recycled paper
cloth napkins
cloth towels
reusable chopsticks
dental floss
funny pages from the newspaper
previously-used wrapping paper
tree-free paper
glass or ceramic plates
metal fork

List three ways you can use less paper and wood at home or at school:

1. _____
2. _____
3. _____
